16x Magnifier

Whitman Publishing : 16x Magnifier before purchasing it in order to gage whether or not it would be worth my time, and all praised 16x Magnifier:

1 of 1 people found the following review helpful. Easy to cleanBy Coach TI have purchased 5 of these over the years. None come close to viewing size and durability. Easy to clean. Lens are clear. I am brutal on the device and generally misplace it before I break any part of it. A great pocket device. You can try others; I have. I keep going back to this one.
