2010 Baseball Card Price Guide

Joe Clemens : 2010 Baseball Card Price Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised 2010 Baseball Card Price Guide:

2 of 2 people found the following review helpful. baseball price guidesBy JEFF SHAPIROThese price guides are good reference books if your missing check lists to build sets or are looking to find out what player goes with what number for a set. You may save some dollars and take the book description and isbn number ask your local library thru inner library loan for the book in stead of purchasinhg quickly out dated book. There is a time gap in pricing of the cards from published date price to curent card pricing. In addition,consider subcription to Beckett Monthly. Their pricing is more accurate.2 of 2 people found the following review helpful. 1981-presentBy Stephen B. HudakI bought this book

and did not realize it only included cards from 1981-present...if this is what you want it is a pretty good book...0 of 1 people found the following review helpful. 2010 Baseball Card Price Guide By Clementine Product arrived as indicated. Very disappointed in Guide. Most card companies I wanted to research were not included in this edition. No Minor League or Classic/4 sport memorabilia shown. Expected a lot more than I received with this publication. Would like to locate a more thorough price guide that would include many other types of cards.

What is your collection worth today? 2010 Baseball Card Price Guide is one of the most accurate and timely price guides for baseball cards you'll ever own. With the huge amount of cards produced every year, this guide will help you assign values to your recent purchases, as well as your entire baseball card collection. This Official 24th Edition covers the current market value of more than 375,000 cards from 1981-2009. Card values are listed in near mint or mint condition with a helpful formula in the beginning of the book for other grades of condition. You'll be ahead of most collectors because of the 2009 coverage. And rest assured that the quoted values are extremely accurate, being based on actual card transactions made by the Sports Collectors Digest's dealer network and online sales. This comprehensive guide features: 375,000 listings All regular issues from past 28 years (1981-2009) Packs and boxes, inserts, parallels, and rare variations

About the Author Joe Clemens is the collectible sports card analyst for Sports Collectors Digest and Tuff Stuff. In his expert analysis, Clemens refers to an extensive network of transactions made by sports collectibles dealers, auction results and sale trends. He has authored several editions of Baseball Card Price Guide.
