## 40s and 50s Popular Jewelry (Schiffer Book for Collectors)

**Roseann Ettinger : 40s and 50s Popular Jewelry (Schiffer Book for Collectors)** before purchasing it in order to gage whether or not it would be worth my time, and all praised 40s and 50s Popular Jewelry (Schiffer Book for Collectors):

SpitzThis book was disappointing, I had bought her book about 60's 70's, and liked it well enough to buy this one which is much poorer quality. It is a strain to try and see many of the photos, they seem to be in shadow. I would not have bought this book if I had seen it, although I like the categories organizing jewelry by major styles of each era. Also could use more variety of companies.0 of 0 people found the following review helpful. Five StarsBy Betty Widelexcellent guidebook.0 of 0 people found the following review helpful. The lively and innovative jewelry of this era is presented in thousands of examples, including costume and semi-precious pieces with identifying text. This second edition includes many new pieces along with current market values.

Organized by styles and materials, the book presents rhinestones to pearls, plastics, and various metals to aid collectors and dealers in identifying their items. Also, period advertising features the jewelry and adds a graphic sense of the clothing styles with which the jewelry was originally worn.

About the Author Roseann Ettinger is a leading vintage jewelry and clothing dealer with more than two decades of experience. She operates the Remember When shop in Hazelton, Pennsylvania.
