44: The Legacy of President Obama

President Obama Book : 44: The Legacy of President Obama before purchasing it in order to gage whether or not it would be worth my time, and all praised 44: The Legacy of President Obama:

33 of 33 people found the following review helpful. Well done and recommendedBy RobertI think this book was well worth the price. Do not get me wrong, this is not a leather bound, hand stitched book. It is a hardback, which for

\$29.99 is definitely not over priced and well within the range I'd pay for any other novel in hardback form. The description is accurate, it gives a nice biography, a lot of quotes, a listing of notable achievements, and the pictures are just lovely. The book is intended to be a celebration of Obama's legacy, but the writing was well done and felt very objective, sometimes mentioning President Obama's decisions and actions garnered him criticism. It's not meant to be a full-blown detailed history, but it does a great job of covering the spectrum. The paper in the book is definitely a "thicker" feel...not sure how to describe it, but much better than a regular old fiction hardback though. Whatever it is, definitely a step-up from the standard. The cover is a matte finish which looks very nice with the dark blue and gold lettering. The print/image quality I'd give an 9/10, I think the images could have been a tad sharper, though this might be just a personal opinion. Last, but not least, charity organizations such as Feeding America that focus on childhood hunger are near and dear to my heart, so I'm extra happy that this book was made to help raise funds for such a worthy and often underappreciated cause. 3 of 3 people found the following review helpful. He loved it. By Gloria Abney My kids and I brought this book for my husband for Christmas. He loved it. 2 of 2 people found the following review helpful. Five Stars By shelia andersongood material to read, nice pictures and capture the President well.

Celebrate the legacy of President Obama and Help End Childhood Hunger in America. From PresidentObamaBook.com, Eight historical years have been woven into one limited edition book celebrating special moments with our President, Barack Obama. This one-of-a-kind commemorative book is printed to the highest standards, guaranteed to be cherished for generations. Beautiful, high grade paper made to last generations and not lose color A special biography of our President His most notable achievements Many of his inspirational and motivational quotes Many beautifully printed, timeless pictures of our commander in chief Did you know 1 in 8 of our fellow American's struggle with hunger? 13,000,000 of them are children. A portion of ALL sales will go to Feeding America. Feeding America is a United States-based non-profit organization that is a nationwide network of more than 200 food banks that feed more than 46 million people. For every dollar we are able to donate, Feeding America is able to deliver ELEVEN meals to those in need! Hope without action is meaningless, we must act on the legacy started by President Obama. How can those 13 million children be expected to reach their dreams if they can't have the fuel to power their bodies and brains in school? The Perfect Gift! Looking for a gift for friends or loved ones? This book makes an incredibly special gift. We must not forget what President Obama has started, and this book is a great way to remember the groundwork that has been laid, knowing that by your generous contribution, there are children in our country enjoying the simple need of a meal. With your gift, YOU did that. YOU made the difference.

"Absolutely beautiful. The entire book is wonderful, but my favorite section is the quotes, not just for the quotes themselves but the striking images that accompany them. This book was obviously well thought out, and designed with the utmost attention to detail. It is deserving of its new spot on my coffee table!" - Kathy Lewis, Book er "The human memory is often short, and eight years provides plenty of opportunity to forget. 44: Legacy of President Obama concisely, accurately, and poignantly recalls President Obama's two terms and objectively details the ups and downs of his presidency. Love him or hate him, President Obama was and is undoubtedly one of the most influential individuals in our nation's history, and this book is worth reading and adding to any collection." Steve Harpinger, Book er
