Has some different thingsBy Charlie BoggsThis books has collected some things in one volume that are not usually found together. I expected more from the later years.0 of 0 people found the following review helpful. Perfect!By Paulette PriceJust what I was looking for! This arrived just as described and will be perfect for doing my glass research.

The first in a two-volume set, this book covers collectible glasswares of all major American manufacturers since the early 20th century, focusing on tableware, kitchenware, barware, and water sets.
