(Ebook free) A Dictionary of Lace (Dover Knitting, Crochet, Tatting, Lace)

A Dictionary of Lace (Dover Knitting, Crochet, Tatting, Lace)

Pat Earnshaw : A Dictionary of Lace (Dover Knitting, Crochet, Tatting, Lace) before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Dictionary of Lace (Dover Knitting, Crochet, Tatting, Lace):

1 of 1 people found the following review helpful. Literally a dictionaryBy Glassy ladyNot what I thought it would be.

I was hoping for pictures to help me identify the different types of lace in my collection. Instead it is literally a dictionary of words associated with the production, styles, and use of lace. It certainly has value and worth and a place in my reference library, just wasn't what I had hoped for.1 of 1 people found the following review helpful. This was a great book on laceBy PamThis was a great book on lace. It is a small book but easy to read. I ordered it because I was

taking a Textile Class and it really was helpful to me. 1 of 1 people found the following review helpful. Five Stars
By bookgirlvery helpful book

Immensely useful volume, containing over 400 lace-related terms such as Florentine knots, lappets, a pillow horse, winkie pin, spangles, reticella, honiton, guipure, and Tuscan filet, discusses the origin, nomenclature, date and sequences of development of the more controversial forms. Enhanced with over 250 illustrations depicting various lace patterns, including a magnificent lace collar worn by Gustavus Adolphus of Sweden, Queen Victorias wedding veil, the bridal tulle worn by Diana, Princess of Wales; and much more. A valuable book for lace-makers; a handy reference for cultural historians and needlecraft and fashion writers.
