Greensboro Open golf decanters and I loved reading about and why the decanters were used as tee gifts to the players. Then I met the author and it was even better.

A brief history of the commemorative decanters produced to promote the Greater Greensboro Open (Wyndham Championship) from 1972 until 1982. This book details the way in which the bottles were used to market the golf tournament during the 1970's and beyond. It includes dozens of photos and interviews that bring these collectible decanters to life. A GGO Thing also details the move from Sedgefield to Forest Oaks and back again as seen through the stories told by each decanter. A must read for any golf fan.
