A Guide Book of Lincoln Cents (Official Red Books)

Q. David Bowers : A Guide Book of Lincoln Cents (Official Red Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Guide Book of Lincoln Cents (Official Red Books):

5 of 5 people found the following review helpful. Great!By ZachyGreat book for anyone who is interested in Lincoln cents. I read this book from cover to cover after receiving and couldn't put it down, great read. If you are looking for as much info as possible on Lincoln cents this is your guide. Only bad thing that I could point out is that the prices for the coins are a little out of date... This doesn't really hurt the guide in my opinion because its the information about the coins that makes this book so valuable.0 of 0 people found the following review helpful. Five StarsBy Little DoveHappy.0 of 0 people found the following review helpful. Detailed reference of Lincoln CentsBy Tom BetzThis is a detailed look at the history of the Lincoln Cent and includes details about each year of production beginning in 1909. It is very handy for checking out a collector's inventory and helping look for new choices. It has companion books for other coins and works well as a reference.

Generations of coin collectors have grown up with the Lincoln cent. Now, as the coin nears its 100th anniversary (and the bicentennial of Abraham Lincoln's birth), Q. David Bowers provides a detailed study of this great American classic our longest-running coin series. The book includes history, grading, varieties, a thorough market analysis for each date and mintmark, and a special appendix on error coins. Bowers even gives a sneak preview of what the U.S. Mint has in store with a 2009 redesign. 304 pages. Full color. 6 x 9. Softcover. Foreword by Charles Daughtrey.
