A Life With Dogs

Roger Welsch : A Life With Dogs before purchasing it in order to gage whether or not it would be worth my time, and all praised A Life With Dogs:

A wonderful book about dogsBy GeoffRoger Welsch, a well known television personality from his days on CBS and author wrote A Life With Dogs about a decade ago. I was made aware of the book from a recent column in the New York Times by Dick Cavett. That was enough recommendation for me, so I ordered the book. It's about the dogs that Welcsh has lived with over the years. It's both funny and serious,

and heartwarming without being sentimental. If you care about our canine friends, or want to know more about what goes on inside their heads, you will enjoy this book very much. It's no longer in print, but I had no problem finding a used copy on .0 of 0 people found the following review helpful. Five StarsBy Gary D. RittenmeyerGood read, especially if you have ever had a dog0 of 0 people found the following review helpful. Really DogsBy mpoppenWe love dogs and my husband has really enjoyed it.

They can make a grown man coo baby talk in public and a strong woman weep like a little schoolgirl. They seldom perform any practical function in our modern, mechanized society, yet people are willing to spend more on vet bills than on their kids college tuition. They pee on our carpets, shred our living room furniture, and poop on our sidewalks, yet we love these critters more than we love life itself. Why do little beasts have such control over us simple human beings? That is the question dog nut Roger Welsch explores in *A Life With Dogs*. Ultimately Welsch concludes that there is no answer as to why we shower so much affection on our dogs. In *A Life With Dogs*, Roger Welsch has written one of his most entertaining volumes yet, a collection of essays reflecting on mankind's significant other, the dog. Roger's love of dogs is apparent in every page of this book, and his enthusiasm for the subject adds a level of sparkle to his wit that transcends even his beloved tractor books.- You'll laugh, and if you are human you'll cry- Why dogs deserve the name "Fido," Latin for "I am Faithful"- Resources to help rescue dogs
