

Back in all its original prestige Abbotts American Watchmaker and Jeweler remains the ultimate resource for watchmaking and jewelry craftsmanship. No aspect of the trade goes uncovered in this distinctly American approach to these ancient processes, organized to be the perfect introduction to learning the tools, parts, and their uses, handed down for many generations. Here youll find hundreds of drawings, descriptions, and diagrams of many kinds of escapements, complete directions for making staffs, techniques for cleansing, pickling, and polishing all kinds of metals, a full list of necessary terms, and much more. For years Abbott revised this unmatched work, consulting the best authorities to provide the most accurate and comprehensive text. Here is the final reference, straight from an era of dignified professionals and serious craftsmen.

About the Author Henry G. Abbott was an expert craftsman and author of the nineteenth century who wrote several books on watchmaking and repair.
