This book fits the bill - gives good descriptions and gives you an idea for what the item should be priced if reselling. Gives background on history.

This lively, photo-filled reference book is a delight for all interested in figural pottery. The American Bisque Pottery,

operating in Williamstown, West Virginia from 1919 to 1982, and the American Pottery Company produced popular cookie jars, ashtrays, doorstops, sprinkle bottles, banks, planters, lamps and much more. Many of these items have never been pictured in any book before. With American Bisque in hand, you will be able to identify little-known pieces including airbrushed planters of yarn dolls as well as the most sought-after cookie jars.

About the Author Mary Jane Giacomini has put her years of collecting, dealing, research and enthusiasm into this wonderful photo-packed book. She sells antique and collectible cookie jars and pottery in Ferndale, California.
