[Read free] Heintz Art Metal

Heintz Art Metal

Kevin McConnell : Heintz Art Metal before purchasing it in order to gage whether or not it would be worth my time, and all praised Heintz Art Metal:

1 of 1 people found the following review helpful. Useful BookBy JoeNice pictures. Not a lot of information, but I don't know of another Heintz book out there, so it was useful.8 of 11 people found the following review helpful. Not what I expected - ALL FLUFF-- NO SUBSTANCEBy L. EdwardsWell.. the book is 17 years old...has many pretty pictures. Price guide is so far out of date is it unusable. Cant take in to account the Ebay factor w/prices...(SUPPLY - VS- DEMAND.) In short it is like comic book..Not really useful info; just FLUFF . Some nice pics....should be priced

at 5.99 NOT - \$20. Not useful to collector OR DEALER as its more of a show and tell book, w/ verY little tell. Would not recommend, unless you want to look at the pretty pics of items most of us have seen before...thats all that is in the book . NOT GOOD FOR A REFERENCE GUIDE -(0 of 0 people found the following review helpful. A must-read for collectors.By Wilbur D. LoveGreat reference book!

The American Arts and Crafts Movement flourished briefly but brilliantly during the early years of the twentieth century. It was during this era that the Heintz Art Metal Shop and its successor the Smith Metal Arts Company (Silver Crest) produced decorative bronze wares of the highest quality. Today's avid interest in Arts and Crafts furnishings and accessories has collectors searching for examples made by these two firms. This book provides collectors and dealers alike with a pictorial panorama of such Heintz and Silver Crest items as bowls, jewelry, trophies, vases, and desk pieces, as well as essential data regarding value, rarity, maker's marks, and company histories.

About the AuthorKevin McConnell, of Pilot Point, Texas, is an avid collector and dealer of Roycroft copper and furniture and other Arts and Crafts items.
