My husband worked at Homer Laughlin China before we met, and while we were dating, every time we went to a restaurant, he felt compelled to lift up the empty dish, and look at the bottom, which drove me crazy at the time! He claimed that he was a member of the Plate Turners Club, at which I would roll my eyes.Fast forward to a few years into our marriage, when I began to take an interest in a set of pitchers he had purchased while he was working there - and I also became aware that Fiesta ware china was also manufactured by Homer Laughlin. I was hooked!I received a few pieces of Fiesta as gifts when the new line came out in 1986, and I also purchased a few myself. I became intrigued by the differences between the Old and New lines, and

how one could tell the difference . . . I also kept seeing other lines of HLC at my favorite thrift shops, and started purchasing it myself, where I saw something I liked at reasonable price. That all leads to why I bought the book! I had bought one or two other books that were exclusively about Fiesta, and they were very helpful also. But my eclectic collection was growing large, and I needed to know how much it was worth. I can't think of a single bit of information that anyone would want to know about the company or its products that is not extensively and informatively covered by this book! I even found the pitchers my husband had bought years ago, and told him something he didn't know about them - they were part of a "chamber" of people found the following review helpful. Wonderful Guide Book By Carolyn S Morris I have 2 online shops for antique vintage glass. Sometimes identifying glass is almost impossible. This is a great book with pictures and definitions. There are still some Laughlin patterns that I can't identify, but for the most part this is very helpful. 4 of 4 people found the following review helpful. Homer Laughlin: Decades of Dinnerware--AWESOME By Diane Hoach I love this book. It is a great advantage for the collector and seller. There are so many patterns to help identify a piece you may have. The up to date price list was wonderful to receive. The price list is for 2010-2011. I would highly recommend this book for a Homer Laughlin collector or seller. Diane

This book contains more than 3,700 Homer Laughlin dinnerware patterns in full color, plus hundreds of additional photographs, advertisements, pamphlets, and the history of The Homer Laughlin China Company and its dinnerware. Represented are dinnerware patterns from pre-1900 to current Fiesta patterns and everything in between. Piece type lists and drawings of each shape are included, as well as a visual index to help identify the shape of your pattern. Organized by shape, here are a few included in this book: Fiesta, Harlequin, Riviera, Eggshell Georgian, Eggshell Theme, Eggshell Swing, Eggshell Nautilus, Americana, Willow, Virginia Rose, Liberty, Brittany, Rhythm, and Epicure to name the most popular. Included is a price guide, making this the most definitive book ever written on The Homer Laughlin China Company.

About the Author Bob Page is the founder and CEO of Replacements, Ltd., the world's largest retailer of old new china, crystal, silver and collectibles. He has managed to spin his flea market hobby into a \$70 million per year business that deals in more than 180,000 patterns. Dale Frederiksen, Page's partner, enjoys frequent buying trips to research undocumented tableware patterns. Page and Frederiksen also love spending time with their twin boys, Owen and Ryan. Dean Six has written and lectured widely on American Glass organizations, and he is active in a number of national glass organizations. He has collaborated on other Page/Frederiksen publications such as Noritake: Jewel of the Orient, A Collection of American Crystal, Seneca Glass Company, and Franciscan: An American Dinnerware Tradition.
