Hot Wheels the Ultimate Redline Guide: Identification and Values 1968-1977, Second Edition

Jack Clark, Robert P. Wicker : Hot Wheels the Ultimate Redline Guide: Identification and Values 1968-1977, Second Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Hot Wheels the Ultimate Redline Guide: Identification and Values 1968-1977, Second Edition:

0 of 0 people found the following review helpful. Redline series only, but a great starting collector referenceBy Travis JacoxGraphics are great. Excellent reference when paired with Tomart's price guide and online price guides so you can get an accurate read of today's estimated values. If you only want redlines, this is a great starting book for the basic collector.0 of 0 people found the following review helpful. If you're into Red Line Hot Wheels, you should buy this bookBy Harry H.I bought the 'Warman's' field guide book, it took all of two minutes to realize it wasn't what I was looking for. I purchased THIS book after reading many collector reviews, and I can say this IS the best book on vintage Red Line Hot Wheels, hands down, even though it was updated in 2007... I hope they do a 'third' edition!!! I'll

be the first person to order it.....!!0 of 0 people found the following review helpful. Five StarsBy CustomerVery informative book

Jack Clark Robert P. Wicker Hot Wheels, The Ultimate Redline Guide, Second Edition, takes an in-depth look at Redline Hot Wheels cars manufactured between 1968 and 1977. Everything you loved about the first edition is still here! Over 1,500 larger-than-life color photographs complement hundreds of listings, which include all color variations and current collector values. Besides Hot Wheels cars, collector buttons are listed and valued, as are track sets, play sets, sticker sheets and decals, parts, and related merchandise. This all-new second edition has been revised and expanded to include more variations and values for both loose and packaged vehicles. The new standard for Redline collectors also includes special sections on prototype vehicles, as well as vehicles inspired by 1970s cartoon series. Collector checklists are once again provided, in addition to user-friendly indexes. Multiple, full-color photos of each vehicle make it easy to identify cars. Cars are listed by value, from common to rare. The best guide for Redline Hot Wheels collectors just got better!
