How to Draw Cars the Hot Wheels Way

Scott Robertson : How to Draw Cars the Hot Wheels Way before purchasing it in order to gage whether or not it would be worth my time, and all praised [How to Draw Cars the Hot Wheels Way](#):

2 of 2 people found the following review helpful. Simply the bestBy lowrezThis book covers the core concepts needed for drawing good cars and exploring 3d form in perspective. I feel that many drawing books are simply the author showing off, and not really teaching; this book is not one of those. Scott Robertson has also created DVD's which make a great companion to the book. The DVDs combined with this book have been the best drawing resource I can find, and I've been looking for quite some time. I highly recommend getting both. :)0 of 0 people found the following review helpful. Great book!By CustomerBought the book for my son who is at college and studying industrial design engineering. He used it to make some drawings for a project and they came out great!4 of 4 people found the following review helpful. [How to Draw Cars the Hot Wheels Way](#)By A Customerthis book is probably one of the best books on drawing cars. lots of great pictures. and really great art of street rod cars. much better than [How to Draw](#)

Cars like a Pro. everything you'll need on drawing cars is in here!

This book provides excellent how-to-draw detail that is appealing and easy to follow for Hot Wheels(tm) and drawing enthusiasts from ages 10 to adult. Detailed drawing techniques with descriptive captions allow readers to create their own automotive designs. Illustrations emphasize how to draw fantasy, custom, concept, and hot rod cars. Author Scott Robertson uses original Mattel artwork throughout the book. With real Mattel artwork featured in detail, the book has great appeal for collectors, even if they aren't aspiring artists. Because Hot Wheels(tm) diecast cars are modeled after both real and fantasy vehicles, the techniques and interest to readers is the same as for real-life car enthusiasts.

Officially licensed by Mattel.

Provides easy-to-follow instruction showing how to draw Hot Wheels for enthusiasts age 10 to adult. Detailed techniques with descriptive captions allow readers to create their own automotive drawings and designs. Drawing tips and advice from Hot Wheels designers are also included. - Hobby Merchandiser, September 2004
