## **How To Make A Silencer For A .22**

**Anonymous :** How To Make A Silencer For A .22 before purchasing it in order to gage whether or not it would be worth my time, and all praised How To Make A Silencer For A .22:

3 of 3 people found the following review helpful. Turned simple into confusingBy David NorthumI chose this book for the caliber, the writer goes into lots of needless information on other calibers and doesn't stay on point. The illustrations are poor single dimensional and at the back of the book instead of dispersed throughout the instructional

part where you can read and see what is intended. This person may be able to make one, but he can't clearly describe how to to others.0 of 0 people found the following review helpful. Five StarsBy JimFull of all great articles.0 of 0 people found the following review helpful. Five StarsBy DKUGreat Product.

This handy little manual teaches you everything you need to know to legally manufacture a silencer for any .22 without a lathe or welder. These inexpensive homemade silencers give you all the suppression you need, thread on solidly, do not affect your accuracy or the guns functioning and last for hundreds of rounds. For academic study only.
