How to Read Greek Vases (The Metropolitan Museum of Art - How to Read)

Joan R. Mertens : How to Read Greek Vases (The Metropolitan Museum of Art - How to Read) before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Read Greek Vases (The Metropolitan Museum of Art - How to Read):

20 of 21 people found the following review helpful. A New Approach to Ancient ArtBy Grady HarpJoan R. Mertens, Curator in the Department of Greek and Roman Art at the Metropolitan, has chosen thirty-five prime Greek vases to explore and explain the meanings behind these richly puzzling works of art. She manages to 'decode' the figures and the stories they relate as well as inform the viewer of the intricacies of Greek art and communication. Greek vases served specific utilitarian functions, and they also afforded outstanding artists, some of whom signed their work, a medium for depicting both the details of daily existence and aspects of their gods, goddesses, and heroes. Here are the garments, implements, athletic competitions, and marriage and funerary rituals of Greeks who lived from the seventh

through the fourth century B.C. But of particular interest is the involved illustration of the mythological figures and stories, for instance, the goddess Athena with her helmet, spear, and shield, and the great hero Heracles, from his first exploit as a baby to his elevation as an immortal at the end of his earthly life. The exceptional group of works assembled in this volume, the second in the Metropolitan Museums ongoing teaching program about the cast riches that museum holds, conveys the extent to which the culture of ancient Greece is still apparent today. Urns and jars inspired by Greek models are a staple in all types of public and private spaces. The meander patterns, palmettes, and other florals that adorn ancient vases recur in all kinds of modern objects. And the concept of the hero, or superman, first formulated and given visual form in ancient Greece is integral to Western culture. The book is richly illustrated with color photographs of the various Greek vases in question. A fine addition to the world of art books... and history books! Grady Harp, July 110 of 4 people found the following review helpful. Highly recommend. Thank you By jay frederickFast service. Highly recommend. Thank you!

This handsomely illustrated volume is the second in a series of publications aimed at giving a broad audience deeper insight into the extensive collections of The Metropolitan Museum of Art. The Museum is famed for its Greek vases. Joan R. Mertens, Curator in the Department of Greek and Roman Art at the Metropolitan, has chosen thirty-five notable examples. They reveal the variety and vitality of the refined forms and masterfully rendered scenes that characterize these works. And they demonstrate the interrelation of function, shape, technique, and subject matter that is key to understanding the rich language of Greek vases. The introduction provides valuable background information, and the entries delve into the features of each vase, incorporating brilliant color illustrations, including many arresting details. Greek vases served specific utilitarian functions, and they also afforded outstanding artists, some of whom signed their work, a medium for depicting both the details of daily existence and aspects of their gods, goddesses, and heroes. We see the garments, implements, athletic competitions, and marriage and funerary rituals of Greeks who lived from the seventh through the fourth century B.C. We see their mythological figures and stories, for instance, the goddess Athena with her helmet, spear, and shield, and the great hero Herakles, from his first exploit as a baby to his elevation as an immortal at the end of his earthly life. The exceptional group of works assembled in this volume conveys the extent to which the culture of ancient Greece is still apparent today. Urns and jars inspired by Greek models are a staple in all types of public and private spaces. The meander patterns, palmettes, and other florals that adorn ancient vases recur in all kinds of modern objects. And the concept of the hero, or superman, first formulated and given visual form in ancient Greece is integral to Western culture. How to Read Greek Vases is sure to inspire closer scrutiny of these remarkable works of art, which have survived for over two millennia to offer viewers an enlightening look into the ancient heritage of the Western world.

It is refreshing to encounter a catalogue of museum vases that is not entirely masterpieces, but rather an erudite selection that informs the reader about the vast range and ingenuity of Greek ceramics. How to read Greek vases will serve not only visitors to the Met but anyone keen to learn about this important aspect of Greek art and culture. Bryn Mawr Classical
