J.D.'s Day

Lina Sophia Jacobson : J.D.'s Day before purchasing it in order to gage whether or not it would be worth my time,
and all praised J.D.'s Day:

J.D. is a real dog that has more experiences and lessons to teach us than any one dog should possess. By simply being himself, he takes us on a journey of his days that show children and adults alike the joy found in everyday life. Even when J.D. is in trouble, his perspective and humor teach us lessons.
