James Montgomery Flagg: Uncle Sam and Beyond (Vignettes)

Nicholas Steward : James Montgomery Flagg: Uncle Sam and Beyond (Vignettes) before purchasing it in order to gage whether or not it would be worth my time, and all praised James Montgomery Flagg: Uncle Sam and Beyond (Vignettes):

3 of 3 people found the following review helpful. Good But SmallBy JamesBefore ordering this book, notice the listed dimensions. This book is small. Apparently, that is what the series title "Vignettes" is supposed to communicate. I didn't put that together until I received this book in the mail. It was quite a surprise.Still, this is a good book, and there aren't many books about Flagg and his artwork out there. The illustrations would have benefitted from being bigger, but they do work. I recommend this book--just be aware that it'll be one of the smallest art books in your collection.0 of 1 people found the following review helpful. Oh, this isn't a poster?By HannahI thought this was a poster and was slightly upset when it was a book. I just need to read closer next time I guess.4 of 5 people found the following review helpful. The FLAGG Waves On!By Rob MineoShort, concise, to-the-point information with wonderfully reproduced portraits of Flagg's work. Flagg had his thumb on the nation's pulse and stayed a few steps ahead of its desires and passions. His work has inspired countless patriots and Americans alike. It did then, does still today, and this book

ensures it will tomorrow.

Besides his trademark I Want You poster, Flagg gained fame as America's premier poster artist. His use of men and women in allegorical settings helped remind the homeland to support our troops during both World Wars.

"... For those really into the pin-up scene, Collectors Press has produced a companion series ... called Vignettes..." -- USA Today Magazine, September 1997 "The Collectors Press "Vignettes" series is a celebration of the American pin-up artist..." -- er's Bookwatch, An Official Newsletter of The Midwest Book , March 1997 "We're not the only ones who think pin-ups are one of the greatest art forms in American history." -- Playboy, March 1997
