Nice Tales.By ScottBWorth the purchase. The tales range across the board and are very entertaining to read. Nice culture change.0 of 0 people found the following review helpful. Charming and fascinating set of fairy talesBy Sarah SIt was a short read, nothing extremely thought provoking in it, but I liked it. Reading fairy tales from another culture was very interesting. Each tale was short and had a moral of sorts. Some were more tragic or humorous than others. I especially liked the one involving the creation of the Jellyfish. It is a good basic compilation of fairy tales.
