Reads like a collection of ads for designersBy Ann FThis book is heavy on pictures and fashion references and addresses jewelry within the context of fashion. There are introductory chapters on the main precious stones (diamonds, rubies, pearls, etc.), each about four-six pages long, and then sections on the major designers, such as Bulgari, DeBeers, Chanel, and so on. As often as not, the illustrations feature various celebrities wearing jewelry from the designers.The photography is sumptuous as is the paper; I suspect that the full-page ads subsidized it.Overall far more of a book to leaf through than a reference on either jewelry or the makers. The Master Jewelers is better for information about the designers and their context and history, but this book makes for pleasant eye candy.0 of 0 people found the following review helpful. passion for Jewellery this book is for you. Beautiful book you just keep wanting to look through.

For the first time ever, the worlds most famous jewelers come together, presenting their most luscious pieces for your delectation. Jewelry International, the only book of its kind, features the worlds most exquisite jewels and the companies that craft them. Two introductory chapters explore in depth the myths, legends, mystery, and history of two of the most perfect gems on earth: diamonds and pearls. The most fabulous names in the world of haute jewelry, such as Boucheron, Bulgari, Chanel, and Mauboussin, each have their own chapters, focusing on the history and significant pieces of each house. Special interviews focusing on the black diamonds of de Grisogono, the "happy diamonds" of Chopard, and the extraordinary diamonds of Leviev accompany the editorial chapters. Gorgeous photographs of stunning haute jewelry pieces and an in-depth text make this book a must-have for anyone in love with jewelry.
