MartiI debated for quite sometime before spending the money on this book- since I was able to find a lot of information online. However, once I received it I was happy with my purchase. The author did a really great job collecting photos and information for this book. It is a very good reference for collectors and also for re-sellers. I found it to be very helpful but would also love to see an updated version with even more photos and info in the near future.0 of 0 people found the following review helpful. Five StarsBy Terry Whaleythis book is well worth the money and is very well laid out.0 of 0 people found the following review helpful. Five StarsBy CustomerPerfect

This revised 2nd edition shows hundreds and hundreds of Jim Beam decanters in color, with current market values and helpful information for the collector. In this book, the decanters are organized by series, including Famous People, Sports, Wheel, Opera, Regal China, and many others. Both ceramic and glass decanters are included, along with Beam convention giveaways. \nThis book introduces the truly enjoyable world of Beam bottle collecting. These special decanters cover an incredible diversity of subjects, from Cadillacs to chili recipes, from Mortimer Snerd to Spiro Agnew, from the Chicago Cubs to the Great Chicago Fire. With market values ranging from a couple of dollars into the thousands, excellent availability, and a wonderful fellowship among collectors, this is a great hobby, even at the ground level.
