Mathieson Tools: A Guide to Identification and Value

Hans Brunner : Mathieson Tools: A Guide to Identification and Value before purchasing it in order to gage whether or not it would be worth my time, and all praised Mathieson Tools: A Guide to Identification and Value:

1 of 1 people found the following review helpful. Mathieson Tool GuideBy Marjorie TaylorThis book was ordered for her husband. That's me. I am a tool collector and have been for a long time. The book is excellent, very informative, and well done. The infill planes are my favorites even over the Stanleys. The sad part is I only have a couple of them due to the high prices. But what the heck, I can wish. Warren Taylor2 of 2 people found the following review helpful.

The photos of the tools with values and auction results are excellent.By PixikissesA very well written guide to everything about the famous makers of Mathieson tools and the fabulous tools themselves. I found the short history of the family and the factory fascinating. The photos of the tools with values and auction results are excellent.0 of 0 people found the following review helpful. Five StarsBy stelbiexcellent

Meet the remarkable Mathieson family that set up business in Glasgow and conquered the world with their tools. A

family history with partial re-prints of the 1899 and 1933 catalogues focusing on woodworking tools - with colour pictures, descriptions, estimates and prices realised A4 format, magazine style book, 52 pages full colour, full gloss hints and tips on collecting cleaning and restoring manufacturing details tricks of the trade what to check real market values detailed colour pictures
