McCoy Pottery Wall Pockets and Decorations: Identification Values

Craig Nissen : McCoy Pottery Wall Pockets and Decorations: Identification Values before purchasing it in order to gage whether or not it would be worth my time, and all praised McCoy Pottery Wall Pockets and Decorations: Identification Values:

0 of 0 people found the following review helpful. Not as thorough as desiredBy Martha JonesThis book seems to be missing something. While it does have photos of several pocket designs by McCoy it shows a form in every color made. So you have several pages of the same design. And I can't believe that a long standing firm had so few designs. That's what's missing. I would have liked to have seen more designs (if they exist) and perhaps a list of alternate color ways.0 of 0 people found the following review helpful. Five StarsBy CustomerIt was in excellent condition. I really like it.0 of 0 people found the following review helpful. Five StarsBy Melissa BallI love it, fighting sister over it. LOL

Featuring close to 450 full-color photographs, this book showcases over 300 individual wall pockets. Many non-production variations of glaze and cold paint detail appear in the book, as well as photographs of the backs of wall

pocket designs for additional reference and identification. Complete information and photographs of 17 wall pockets that were never produced by the company is an added feature, and there are almost 70 original company catalog and pricing pages. All known reproductions and fakes are included. While only a small section is devoted in other books to this area of collecting, McCoy Wall Pockets Decorations features them all. AUTHORBIO: Craig Nissen and his wife

Pat enjoy collecting not only Nelson McCoy Pottery, but Van Briggie pottery, Roseville pottery, Aladdin electric lamps, beaded "sugar" shade lamps from the 1920s, cupid photos, rug and pillow beaters, and wall pockets. Craig co-authored three volumes in the McCoy Pottery series, and is also the author of McCoy Wall Pockets Decorations.

REVIEW: Experienced McCoy collector and author Craig Nissen has produced this new volume. Focusing just on wall pockets made by the company, the book includes hundreds of color photographs with important information. The book is presented in the same user-friendly format as author Nissen's other 3 volumes on McCoy pottery. A must-have for McCoy enthusiasts everywhere.
