Military Sweetheart Jewellery: Pt. 1: A Guide for Collectors

Pamela M. Caunt : Military Sweetheart Jewellery: Pt. 1: A Guide for Collectors before purchasing it in order to gage whether or not it would be worth my time, and all praised Military Sweetheart Jewellery: Pt. 1: A Guide for Collectors:

2 of 2 people found the following review helpful. BRILLIANT!By C. Ireypamela Caunt's books, all three of them, are absolutely invaluable to a British sweetheart collector. They are well written, well researched, and well photographed.

The only thing lacking is a fourth book. She organizes the books by division, era and gives a great history on the evolution of sweethearts. I have used them again and again in my quest for RAF and other British Sweethearts. Anyone with even one division as a collection needs her books as a reference. Three cheers for Miss Caunt! Write

another, us collectors are hungry for more!Rosietheriviter
