(Library ebook) Miller's: Sewing Accessories: A Collector's Guide (Miller's Collector's Guides)

## Miller's: Sewing Accessories: A Collector's Guide (Miller's Collector's Guides)

**Elaine Gaussen : Miller's: Sewing Accessories: A Collector's Guide (Miller's Collector's Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Miller's: Sewing Accessories: A Collector's Guide (Miller's Collector's Guides):

1 of 1 people found the following review helpful. Excellent reference or intro into collectingBy CustomerSewing tools notions are collected by more people than you might imagine. They're an intimate connection with those who used them long ago. This book is a clear, introductory guide to the types of antique sewing accessories, how they were used, and what to look for when you buy them today. As an experienced collector I learned a few things, too. Excellent photos.0 of 0 people found the following review helpful. Five StarsBy Debra AnneGreat reference book!

"Miller's Collectors's Guides is a series of books aimed at providing an essential introduction to varied and popular

subjects for the budding collector. Reflecting the growing trend in the antiques market towards "collectibles" (small, often affordable items) these practical guides are filled with ideas on how to form a collection, what to specialize in, and how to identify objects. Often showing photographed items, these are guides no collector can afford to be without.
