The Miller's Antiques Checklist series of pocket guides, most of which are now fully revised with updated prices, makes the world of antiques accessible to a wider audience than ever before. In each book a simple question-and-answer checklist is provided for a broad range of representative items, teaching you what to look for and how to distinguish between the genuine article and a fake, an original and a copy. These information-packed books are superb introductory courses for the beginner and refresher courses for those already with some collecting experience.
