Mini Watch Bible (Mini Bible)

Philippe De Baeck : Mini Watch Bible (Mini Bible) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mini Watch Bible (Mini Bible):

8 of 8 people found the following review helpful. Mini Watch BibleBy Al KameThis book is 100% pictures and no narrative information. Watches are divided by brand name and identified but other than that there is absolutely nothing written that would add to one's knowledge about mechanical watches. The photographs are pretty much like advertisements in the stock watch journals.

Mini Watch Bible, the new substantial reference book about the world's most remarkable time pieces. This highly imaginative work shows you hundreds of photographs of stunning luxury watch designs.
