A reference collectors can't be without.By Midwest Book ReviewThe sixteenth updated edition of MODERN GUNS is a 'must' reference for any serious gun collector, whether it be of pistols, rifles, or shotguns. Such an audience will find the format hasn't changed, but has been redesigned for quicker reference, with each gun receiving in-depth details, the latest values, and pricings in categories ranging from good to very good condition. Add the black and white photos throughout and you have a reference collectors can't be without.Diane C. DonovanCalifornia Bookwatch
