Modern Style: Jugendstil/Art Nouveau 1899-1905

From Arnoldsche Verlagsanstalt : Modern Style: Jugendstil/Art Nouveau 1899-1905 before purchasing it in order to gage whether or not it would be worth my time, and all praised Modern Style: Jugendstil/Art Nouveau 1899-1905:

2 of 2 people found the following review helpful. Excellent scholarly resource for the collector By J. Szabo Excellent scholarly resource for the collector, including hundreds of vintage, somewhat grainy, original black and white images of Art Nouveau pieces. I had purchased this book expecting more color plates and glorious images. There are only a few, so this volume is more for the collector than the amateur.

Features over 2500 objects such as metal, ceramics , glass, furniture and jewelry from the Art Nouvea movement that

were included in leading international specialist journals. All of these journals have been combined in to this one volume with illustrations and information on designers and makers, making this an indispensable reference

This volume is a trove of authentic, mostly unknown pictorial material from the heyday of European and American Art Nouveau - a comprehensive documentation for scholars, and an indispensable reference for dealers, auctioneers, collectors, and all Art Nouveau devotees. --Vintage, Vol. 18, No. 3, 2008
