Jan Lindenberg : More Smurf(r) Collectibles: An Unauthorized Handbook Price Guide (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised More Smurf(r) Collectibles: An Unauthorized Handbook Price Guide (Schiffer Book for Collectors):

0 of 0 people found the following review helpful. Great book for the avid collectorBy R. PolleNice book with lots of information about these collectable little buggers. Bought it for the mrs. as she is the collector, she really enjoyed it

and was very happy with the book.0 of 0 people found the following review helpful. Five StarsBy Customerlove0 of 0 people found the following review helpful. Five StarsBy nanalove it

Since 1958 the Smurfs have captivated the hearts and minds of children and adults alike. They were born in Brussels and came to the American market in 1979. From their mushroom houses in the medieval forest, they made their way into millions of homes worldwide through television and a myriad of products that bore their image. These objects instantly became collectible, and this new book by Jan Lindenberger, one of America's most prolific authors about twentieth century collectibles, catalogs many of them with color photographs, useful information, and current market values. It follows her much-praised earlier book, *Smurf Collectibles*. This new book includes jewelry, books, figurines, toys, games, puzzles, clothing, paper products, and many other Smurf items. They are all illustrated in wonderful color, with helpful descriptions and current market values. This book is a must for all serious Smurf collectors.

About the AuthorJan Lindenberger has written many books about antiques and collectibles. She is also a dealer and editor of a regional guide to antique stores. She lives in Colorado.
