Napa County (Postcard History Series)

Todd L. Shulman : Napa County (Postcard History Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Napa County (Postcard History Series):

The rich history of Napa County spans from the first indigenous American Indians through the Spanish mission period; from the first pioneer white settlers and Gold Rush forty-niners, to the agricultural and viticulture gold rush, and into the tourist destination it is today. As soon as postcards came into being, the enterprising business and resort

owners in Napa County began using them to advertise and promote Napa as a destination resort. It is through these windows into the past, sent across the country and the world by visitors and residents alike, that we get a glimpse into life in the Napa Valley during the last century.

About the Author Todd L. Shulman is the author of Arcadia Publishing's Napa County Police, an amateur historian, and avid postcard collector. He is a member of the Napa County Historical Society and founder/president of the Napa Police Historical Society.
