Great project!By CustomerVery nicely designed and just like the States Quarter Map here- <http://www..com/gp/product/0794821944> and we bought both to do as a homeschool/family project with our boys (each will get to keep one). They are the same exact size and, while the actual colors and pictures on it are different, they look very much like each other- which is what I was hoping for. They also have a nice little fold over tab to keep them closed. This one's is made with Velcro to hold the closure (vs magnet on the other).0 of 0 people found the following review helpful. Missing the special minted quarterBy AsmithWe were disappointed that the collector map didn't include the special mint San Francisco quarter as indicated online. There was no indication that the quarter would not be included and the plastic over where it would have sat was torn open. Otherwise, the book works well for the collection. We like the colors and the way it's displayed so we can tell which ones haven't been minted yet! My son is becoming quite the collector!3 of 3 people found the following review helpful. Great map, I'm glad I chose this one over the other coices.By BThis map is very awesome, very colorful and easy to get the quarters in and out. Be careful when putting the quarters in the slots, make sure the map is on a solid surface because I kind of bent my map from trying to get the quarters in the slot. Overall I love the map, it is a good size, light weight, and has a Velcro closure on the side.

Display your National Park Quarter collection in this educational collector s map. Special "push-fit" foam makes it

easy to insert your coins, openings for all 56 National Park quarters. Big 13.2" x 39.75" Foam construction is inert and safe for your coins. The National Park Quarters Coin Act of 2008 requires quarters, beginning in 2010, to have designs on the reverse depicting one national site in each state, the District of Columbia, and the five territories of the United States. Fifty-six (56) different quarters will complete the program from 2010 through 2021. Color.
