New Martinsville Glass, 1900-1944

James Measell, Everett R. Miller, Addie R. Miller : New Martinsville Glass, 1900-1944 before purchasing it in order to gage whether or not it would be worth my time, and all praised New Martinsville Glass, 1900-1944:

It is a history of the company and pictures are mostly from catalogs.The price list takes a while to figure out. It only prices pieces found on pages 90-114 and pages 127-138. None of the etched pieces are priced, they are only catalog pages.As a reference of patterns it is good, but using it to price pieces, it isn't.1 of 1 people found the following review helpful. Three StarsBy Charlie BoggsThis book is long on the company history. Not as much pattern identification as I was hoping.0 of 2 people found the following review helpful. Good ReadBy L. Taylor GaritoGood for collectors especially those seeking art deco era depression glass patterns. It's a shame New Martinsville was bought in 1944 and didn't get to continue creating some of the wonderful art glass that this book depicts.
